ABOUT ME

Software developer currently studying at Scaler with a focus on Data Structures, Algorithms, and Full-Stack Development. Built production-level projects using React, Go, Node.js, PostgreSQL and MongoDB. Experienced in building and deploying full-stack applications with Docker, including geospatial systems using PostGIS. Strong foundation in problem-solving, clean UI design, and scalable application development. Looking for software development opportunities to contribute and grow in a production environment.

SKILLS

- **Frontend** - React, Html, CSS, Javascript
- **Backend** - Node.js, Express.js, GoLang
- **Tools & Environment** - Git, GitHub, Postman, Linux, Mac, Windows
- **Core Concepts** - Data Structures & Algorithms, REST APIs, Problem Solving
- **DataBase** - MongoDB, Postgres, MySQL
- **Language** - Javascript, Java, GO

PROJECTS

BandJam :

Practice Room Booking Web App

- Web application that helps musicians find and book available practice rooms.
- Users can sign up either as musicians or room owners.
- Musicians can search and book rooms, while owners can list and manage their spaces.
- Backend built with Node.js and MongoDB to handle users, rooms, and bookings.
- Focused on a clean UI and smooth booking flow.

Tech: React, Node.js, Express.js, MongoDB

Geofencing & Real-time Alert System

Full-stack geofencing and vehicle tracking system built as a production assessment project.

- Built 9 REST API endpoints in Go for managing geofences, vehicles, locations, alerts and violations
- Implemented point-in-polygon geofence detection using PostgreSQL + PostGIS spatial queries
- Designed geofence boundary storage using WKT polygon format with SRID 4326 coordinate system
- Built real-time alert system using polling with toast notifications on the React frontend
- Dockerized the backend and deployed on Render; frontend deployed on Netlify
- Used Neon.tech cloud PostgreSQL with PostGIS extension for geospatial operations

Tech: Go, PostgreSQL, PostGIS, React, Vite, Tailwind CSS, Docker, Neon.tech

EDUCATION

Scaler Academy - Software Development Program (2023 – Present)

Doranda College, Ranchi - Bachelor of Business Administration (BBA) (2020 – 2023)
